COMMUNICATION REGARDING RESPONSE TO
NOTIFICATION OF MISSING REQUIREMENTS

On October 13, 2003, Applicants filed a Second Request for Resetting Time Period For Response resubmitting a Request for Reconsideration originally filed on April 4, 1993. This Second Request included an executed Declaration by the Inventors for responding to a Notification of Missing Requirements. This Second Request apparently crossed in the mail with the PTO's Decision dated September 30, 2003 granting applicants petition to restart the time for response to the Notification of Missing Requirements. Since the executed Declaration has now been submitted, it is believed that no further action by applicant is necessary for responding to the Notification of Missing Requirements.
